## Profile Summary

- 2021 Graduate in Full-Stack Web Development from the University of Concordia
- Bachelor degree in Computer Engineering (BEng)
- Hands-on experience with a variety of programming languages and web development technologies
- Team player, quick learner and detail-oriented with strong creative thinking skills
- Skilled at meeting deadlines

## Recent Work Experience

**Sep 2021 To Dec 2021**

**Full- time student, Full-Stack Web Development, Concordia University, Montreal**

Completed a Full-Stack Development Program using modern Web Development technologies :
HTML, CSS, Javascript, React.js, Node.js, REST API's, GitHub, Express,MongoDB
During this intensive program, many daily exercises were done, including the following projects:

- **Nations Recipe App**
  It's a full-stack app with user login and authentication protocols - password hashing with bcrypt.
  Users could find great recipes, based on name, area, or ingredient from different nations.
  Users could register, and have their own account and save favorite recipes or remove from the list.
  Public repo link: https://github.com/Hanieh-Mohseni/nationsRecipeApp
  Project link: https://www.youtube.com/watch?v=ZZbwz56DGe0
  I used React.js, HTML/CSS, Nod.js, Express, Rest APIs, MongoDB, Password Encryption

- **Slingair**
  Airline reservation: Add, delete or update flights and reservations with confirmation
  (Backend & Frontend), I used React.js, HTML/CSS, Nod.js, Express, Rest APIs, MongoDB

- **Nyan Shark**
  As a game with JavaScript and CSS, Project link: https://friendly-lichterman-a08b27.netlify.app/

- **Twitter clone**
  Only frontend, I used react.js, CSS and JavaScript

**2018 to 2020**

**Full-time student, French Learning, Ministry of Immigration, Frenchisation**
I successfully completed the course and received FIA330-4AD

**2012 To 2019**

**Freelance Graphic Designer and Content Developer, Iran and Canada**

- E-learning Specialist and Flash Developer at Freelancer.ca and Website Designer and Developer
- E-Content Developer of the MS course Computational Fluid Dynamics prepared for IUST

**2010 To 2012**

**Executive and Project Manager, Ratin Rayvaran Co. Tehran, Iran**

Developed a broad set of management, communication and technical skills

**2007 To 2012**

**E-Content Developer, E-Learning Center, Iran University of Science and Technology, Tehran, Iran**
Developed more than 14 hours of e-content for each of the following courses

- Theory of Machine and Languages (BS subject, Department of Computer Engineering)
- Engineering Statistic (BS subject, Department of Industrial Engineering)

And the following two Adobe Presenter-based courses

- Islamic Theology I (BS subject, Department of Theology)
- Islamic Theology I (BS subject, Department of Theology)

| | |
|---|---|
| 2003 to 2005 | **System Analyst, Islamic Republic of Iran Broadcasting (IRIB), Tehran-Iran**<br>Conducted feasibility study and system analyze for 5 different software projects. |

## College Teaching Experience

| | |
|---|---|
| 2003 to 2005 | **Instructor, Department of Computer, Dehkhoda College ,Takab, Iran**<br>Courses Taught: Data Structures, Database, Systems Analysis and Design, Software Engineering, Operating Systems |
| 2002 to 2003 | **Teaching Assistant for the C/C++ Programming course, Computer Engineering Department, Azad University of Kashan, Iran** |

## Education

| | |
|---|---|
| 2021 | **University of Concordia, Montreal, Canada**<br>Successfully completed a diploma in Full-Stack Web Development that focuses on modern web development technologies. |
| 1977 to 2002 | **University of Azad, Kashan, Iran**<br>BS in Computer Engineering - Software Engineering |

## Certifications

| | |
|---|---|
| Dec 2021 | Diploa in Full-Sack Web Developmant |
| July 2020 | FIA330-4AD in French Course |

## Technical Skills

| | |
|---|---|
| **Web Development** | • **Front end:** HTML, CSS, JavaScript, React & Redux<br>• **Back end:** Node.js, Express.js, MongoDB |
| **Software Development** | • **Programming Languages:** C/C++, python<br>• **Database Management:** SQL |
| **E-learning and Multimedia** | • **Courseware Production:** Articulate storyline, Adobe Captivate, Camtasia, Lectora Inspire<br>• **Learning Management System (LMS):** Moodle<br>• **Image Edition:** Adobe Photoshop (Professional), Adobe Illustrator<br>• **Sound Edition:** Cool Edit pro, Sound Forge<br>• **Video Edition:** Adobe Premier, Xilisoft Movie Maker , Ifilm, Xilisoft Video Editor<br>• **Capturing Software: BB Flashback, Capture it, Camtasia, etc.** |
| **Other** | • **GitHub**<br>• **Trello**<br>• **Office Suites:** Microsoft Office (Word, PowerPoint, Excel, Access, Outlook) |
